RE: Richland County Auditor - Street level photography data capture

To Whom It May Concern,

The Richland County Auditor's Office is in the process of collecting street level photography of parcels within the incorporated areas of the County, beginning in Mansfield City, starting on March 15th. Tyler Technologies and Cyclomedia, Inc were selected to perform these services on behalf of the Richland County Auditor. The street level photographs captured will document the overall condition of the county properties and become part of the official record.

Project Goals and Benefits:

- Improve the overall quality of property appraisals
- Save taxpayers money by making the property tax administration process more efficient
- Update new construction and other property changes

We appreciate your patience and cooperation with this important project. If you have any questions, please do not hesitate to contact the Richland County Auditor's Office at 419-774-5501, or visit their website <http://www.richlandcountyauditor.org/Main/Home.aspx>.

Sincerely,

Patrick W. Dropsey
Richland County Auditor
