

Senior Transportation Planner

Richland County Regional Planning Commission

The Richland County Regional Planning Commission is a transportation and land use planning organization that also serves as the Metropolitan Planning Organization (MPO) for Richland County, Ohio. The essential functions of this job are to assist the Technical Director with the development and implementation of the MPO's Long Range Transportation Plan and oversee the development, update, and modification of the MPO's multi-year Transportation Improvement Program (TIP).

The ideal candidate will possess thorough knowledge and understanding of transportation planning and Metropolitan Planning Organization requirements and responsibilities. Strong knowledge of the principles, practices, and research methods of regional transportation planning and the ability to provide leadership to other planners, interns, and project team members.

Necessary Education, Training, and Experience for this position is a Bachelor's degree in urban planning, transportation engineering, geography, or a related field is preferred or an equivalent combination of experience and training which provides the required knowledge, skills, and abilities. Five (5) years of responsible and professional work experience in transportation engineering, transportation planning; One (1) year of supervisory experience. A Master's Degree in planning or related field may substitute for experience. Specific experience in the administration of MPO responsibilities and/or regional planning organizations is desired.
