ON ALL COMMERCIAL APPLICATIONS, A 3 % STATE FEE WILL BE ADDED PER OBC 106.3.2.1.

- For F-Factory & S-Storage Use Groups or Unoccupied Shell Building Construction in excess of 12,000 sf, a 15% reduction of fees will be applied.
- Buildings started before obtaining proper plan approvals may result in a surcharge of 100%
- No refunds will be given for cancelled projects. Subject to the approval of the Building Official, permit fees may be transferred to a new application.
- Fees include initial submission plus two resubmissions. Additional resubmittals will be charged \$100 per submission (not including deferred submittals or administrative items required for project closeout.)
- Sign fee not to exceed the fee for 3 signs. This does not include pylon or high rise signage which requires submission as a building structure per fee schedule.
- Roofing Permit is required for any roofing project requiring repairs to the decking, changing the roofing material, or changing the roof insulation. If repairs to the decking exceed 1,000 sf, then the permit fees will be calculated as a building permit for the total square footage of the roof.
- Solar panel fees apply to the solar panels and electrical equipment / connections only (for both ground mounted and roof mounted systems). Any new structures or alterations to existing structures will be charged per the standard fee schedule.
